

February 27, 2009

TMG is pleased to announce that David Wye has joined the group as Senior Regulatory and Policy Advisor. Mr. Wye brings 20 years of experience in telecommunications policymaking and regulation, serving agencies of the federal government as well as several private sector companies.

Most recently, Mr. Wye served as Director, Government and Regulatory Affairs for Lockheed Martin Corporation, where he advised the corporation on a wide variety of issues, including spectrum, new telecommunication technologies and public safety. Prior to that Mr. Wye spent eight years as Executive Director, Spectrum and International Regulatory Policy for AT&T/Cingular Wireless, where he oversaw the company's efforts relating to domestic and international spectrum regulation and policy as well as providing regulatory support for the expansion of the company's network into the Caribbean. Previously, Mr. Wye held senior positions in the Federal Communications Commission's Wireless Telecommunications Bureau and the U.S. Congress' Office of Technology Assessment.
